**MENTOR NAME** : MAHESH KUMAR K

**PROBLEM STATEMENT**

A CLOUD BASED EXPENSE MANAGEMENT SOFTWARE IS ACCURATE, INTUITIVE, AND STRAIGHT FORWARD. THE HARD WORK HAS BEEN DONE ALREADY IN THE BACK-END. SO NOW, ALL THE USERS NEED TO DO IS PLUG IN THE APPROPRIATE INFORMATION AND NUMBERS.

USING AN AUTOMATED CLOUD BASED EXPENSE MANAGEMENT SOFTWARE ENSURES COST CONTROL, AS IT LEAVES VERY LITTLE ROOM FOR HUMAN ERROR. IT CAN SIGNIFICANTLY REDUCE IT EXPENSES AND LOWER THE COST OF PROCESSING EACH REPORT BY MOVING FROM A MANUAL APPROACH TO AN AUTOMATED ONE.

MOST OF THE PEOPLE IN THE WORLD HAD DIFFICULTIES TO CALCULATE THEIR DAILY EXPENSES, TO OVERCOME THESE PROBLEMS WE MOVE TOWARDS THE DIGITAL SOLUTIONS, PERSONAL EXPENSE TRACKER IS A GREAT APPROACH WHICH HELP TO STORE THE DAILY EXPENSES,BY USING THE CLOUD TECHNOLOGY IT IS EASY TO MANAGE AND IT CAN BE RETRIEVED AT ANYTIME AND ANYWHERE.
